18<sup>th</sup> January, 2019

Dear Parents/Guardians,

I am writing to inform you that the Department of Education & Skills has developed an electronic individualised database of primary school pupils, giving schools the ability to make on-line returns to the Department. It has been rolled out to all National Schools since 2015.

The database requires us to collect individual information on each pupil including Birth Certificate and PPSN information – this information will be rolled over each year and is a once-off collection. Once up and running, only data on new pupils and pupils who leave will be required each year.

Therefore, we are requesting that you complete the attached form, which has been designed for this purpose by the DES, and return it **fully completed** to the office with your enrolment form.

**Please do not leave any boxes incomplete as the school will not be able to finalise the input of the pupil's information.**

Yours sincerely,

---
